PRIVACY

- Privacy - best practices 

Beltug is the largest Belgian association of digital technology leaders.

Are you a CIO, ICT manager, procurement manager, IT infrastructure manager, telecoms manager, IT architect, security officer or other digital technology leader in a company or public institution? [Become a member now](#): with a corporate or an enterprise membership, you and your digital technology decision-maker colleagues – from anywhere across your organisation - can benefit from the same Beltug membership.

- We aim to break down the barriers companies face when building their digital strategy, tackling the challenges of the connected organisation and covering topics such as software asset management, cloud and related security, contracts and SLAs, risks and social security issues of BYOD, securing and managing mobile devices, how to comply with privacy/data retention legislation, and many more...
- We work on your priorities, with over [35 events](#) scheduled each year included in the membership.
- We take your concerns seriously and [act upon them](#) by talking to government and providers. Some of the issues we have taken on include offering Wi-Fi to your guests, challenges of indoor coverage, mandatory e-billing to all government entities.

Share the strength of over 1600 members (including 1140+ ICT decision makers).

- Be part of a community of users, acting for users.
- Benefit from free round-tables, presentations and papers, case stories, and lobbying.
- Learn and discuss how your peers cope with the issues affecting you.
- Use our members-only, practical recommendations for specific issues, such as our exclusive [GDPR tools](#), etc. and learn from organisations like yours through our [Joint 2017 Beltug, Orange, Proximus & Telenet Belgian Business ICT Market Report](#) on the use of ICT in Belgian organisations.
- Take a look at [our impressive list of members](#).

Are you an ICT solutions provider or consultant? You are welcome to join and contribute with your expertise through a [Beltug Associate membership!](#)
